## Kalkan

*Kalkan is a place to fall in love with ...*

A small peaceful Mediterranean resort and fishing town on the beautiful Turquoise Coast of Turkey, Kalkan has not been touched by mass tourism. More sophisticated than the usual resort town, Kalkan appeals to travelers looking for more than a "sun and sea" holiday. According to the Sunday Times, Kalkan attracts the kind of visitor who would also enjoy Tuscany or the Dordogne. The Guardian likens the town to "the Italian Riviera minus

the poseurs."

Because of its great charm, Kalkan has a growing number of perennial visitors who say the town is the only holiday destination they would choose to visit repeatedly. There is simply no other town quite like Kalkan along Turkey's coast.

# The La Villa Celine

*Stay Once, Carry Memories Forever*

By CLAUDINE D. REYES

Without doubt one of the favorite place we stayed during our time in Turkey last summer! Upon arrival we were warmly welcomed by general manager, our names were mentioned on the board and we were welcomed to the paradise villa. The staff was extremely friendly, the rooms very flexible. We had three days great evenings here, which obviously also added up to the experience.

Yes I'm talking about The La Villa Celine, a kind of house cosy hotel that provided us with an unforgettable vacation experience in Kalkan, Antalya. Get away from the usual hotels and book a stay at one of the nicest villas in Antalya, Turkey. Place yourself in the midst of nature's beauty. The setting is unique, with an excellent sea and valley view from the infinity pool.

La Villa Celine is a private two-story building villa in 1800 meters of square nature land. This is the type of spot for a perfect weekend trip with family and friends, with top-notch facilities in place and warm comfort on offer. You could also think about coming in a group to unwind and relax.

We strongly suggest it to anyone looking for a calm, relaxing area away from the crowd.

The villa features three large bedrooms, each with its own toilet and bathroom. Each room has its own heating and air conditioning system. The bedrooms have 2 single beds. The villa is modernly constructed to provide a

warm and restful environment.

There are two fully furnished living rooms in the villa, one downstairs and one upstairs.. You can walk from the living room to the terrace to reach the infinity pool, which has a beautiful view of the mountain and a unique valley.

The modern American kitchen is spacious to accommodate the comfort of the guests and full equipment (Refrigerator, Stove, Aspirator, Owen, Microwave, Dishwasher, Laundry)

La Villa Celine has a very large pool area 11x5 meter infinity pool and magnificent nature and sea views from the hill to the valley. You may see wild mountain goats at any time from the villa. There are more than 100 fruit trees such as grapes, apricots, oranges, lemons, and olives trees in its backyard.

The villa has wireless internet (Wifi). Even though some people may want to get away from technology while on vacation, many people like me will use Wi-Fi to check personal and work emails, connect on social media, and keep up with the news.

The La Villa is located near the town center where the sea, local restaurants and markets, and is only 6 kilometers from Kalkan. It is also 15 kilometers from the ancient city of Patara and the world-famous Patara beach, and 20 kilometers from Kaputaş beach.

The La Villa Celine is designed for 6 adults accommodation since the villa has two living rooms with coaches and sofas, you can add up 2 small kids with comfortably. The villa has a private parking space for your car and best place to stay for families.
